For Mid-Sized
and Large Businesses

Sage FRP Fixed Assets

The Experts in Fixed Asset Management

Sage FRP Fixed Assets

Expert software to manage your fixed assets

Software designed with you in mind

Designed for medium and large businesses, Sage FRP Fixed Assets meets both national and international accounting and tax regulations.

Sage FRP Fixed Assets allows you to:

- Automate flows with your company's information system
- Manage your assets
- Trace the movements of your fixed assets
- Optimise your business taxation
- Use indicators to define your investment and disinvestment policies

Legal conformity guarantee

Sage FRP Fixed Assets guarantees consistent compliance with accounts standards, tax regulations IFRS international standards and specifics in Africa. The durability of your investment is therefore guaranteed.

New legal regulations are added using a simple update system: optimise your accounts and IT teams.

Assets depreciated according to different amortisations plans, bought or contracted in direct financing leases.

● Expert, compliant and easy to master

Using Abel and FA7 experience, Sage FRP Fixed Assets integrates all the expertise of this leading software, chosen by more than 4000 businesses. Its proficiency and breadth of function guarantees you complete coverage of your fixed asset management, no matter what the specifics of your company might be.

User-friendly, intuitive and easy to master, Sage FRP Fixed Assets brings you an expert service for a price that is one of the most competitive on the market.

● Modular offer

Sage FRP Fixed Assets is part Sage's FRP (Finance Resource Planning) offer. The system is integrated right at the financial heart of Sage ERP X3, allowing seamless integration of capex procurement and workflows.

● Sage FRP Fixed Assets supports your company's development

As a group structure: functions in place for multi-company organisations allow you to automate partial asset contributions, mergers or demergers. This reduces your administrative load, preventing input errors, and enabling you to simulate various potential scenarios and so maintain the most appropriate solution.

For your set-up abroad: available in 5 languages, using European and American amortisation methods, and installed in a dozen different countries, Sage FRP Fixed Assets fits into your foreign subsidiaries easily.

Choose the right software for you with Softline ACCPAC,

With 250,000 business customers and over 1,200 employees, Softline is the number one provider of management solutions for mid size and large businesses in Africa.

1,200 employees in the company's SME and Midmarket Division form the leading organisation dedicated to this market. Globally 25% of Sage staff work in Research & Development to offer simple, scalable and innovative solutions.

Softline ACCPAC offers a range of management solutions covering all activities within the business (Accounting, Finance, Human Resources, Marketing, Commercial, Services, Logistics etc.) and all project types.

Softline ACCPAC provides Financial Directors with FRP (Finance Resource Planning) solutions which respond perfectly to the growing complexity of their work and allow them to overcome new challenges smoothly.

These integral, modular solutions allow you to equip your system with the information that you require and to add to it according to your needs. This will then enable you to properly manage your spending: investment budgets, purchases, fixed assets etc.

Softline ACCPAC Partners offer a full range of Professional Services

In order to help you optimize the use of your products. The Softline ACCPAC partners offer you support throughout the life of your project by providing support, consultation and training services.

Our 150+ partners and consultants specialize in our applications and will put their expertise and methodology at your service, so you can get the best from our software.

About Softline ACCPAC®
Softline ACCPAC® is a fully owned subsidiary of the Sage Group plc. Softline ACCPAC® is the African arm of Sage Geode operations in Africa.
